DR. NORTON RESIGNS AS STATE SUPERINTENDENT; WILL GO TO WASHINGTON

Montgomery—Dr. E. B. Norton has resigned as State Superintendent of Education, effective June 15, to accept appointment as assistant U. S. Commissioner of Education, in Washington, D. C. Dr. Norton's term as State Superintendent of Education expires next January, and under the constitution he was not eligible for re-election. Gov. Sparks announced that he will appoint Dr. H. C. Pannell, of Tuscaloosa, for Norton's unexpired term. Dr. Pannell is an unopposed candidate for State Superintendent in the May primary, and after serving the unexpired term will begin a four-year term in January.

Dr. Norton, a native of Jefferson County and former Covington County School Superintendent, was highly commended by Gov. Sparks. "Whatever advances have been made in education by this administration, you are in a large measure responsible, and you planned to make this acknowledgment of the high quality of your service," Gov. Sparks wrote in accepting Dr. Norton's resignation.

ELBA SAILOR ABOARD USS MISSOURI MAKING VOYAGE TO ISTANBUL

Aboard the Battleship USS Missouri in the Gulf of Mexico (Delayed)—Leon Brooks, 28, baker, first class, Elba, Ala., is serving on the battleship.

Brooks, who recently left Gibraltar with Admiral H. Kent Hewitt, U.S.N., is the only Elba man on board.

The vessel, which is making a tour of six Mediterranean ports, is carrying the ashes of the late Turkish Ambassador to the United States to Istanbul.

The Missouri was the battleship in which the Japanese signed the surrender document on Sept. 2, 1945, which ended the Second World War.

Miss Sybil Rowell, of Andalusia, spent the past week end in Elba with her parents, Mr. and Mrs. Lawrence Rowell.

Mr. and Mrs. H. W. Richburg, of Pensacola, Fla., were recent guests of Mr. and Mrs. Guy Folson.

Meat Storage
Pork should be prepared for storage within 48 to 72 hours after dressing; lamb within one week, and beef within 10 to 12 days. With this beef should be stored in a cool, dry place.

It is desirable to hold meat no more than five days. Meat should be prepared in meat-sized parcels and all surrounding bones of the meat should be removed. The meat should be wrapped in waxed paper. The packages should be wrapped and either stapled or tied. Each package should be labeled, showing the contents, date, and lotter number. As soon as wrapped, the meat should be frozen as quickly as possible, preferably being placed on racks to permit circulation of cold air. Storage temperatures should be zero or below, with as little variation as possible. Properly prepared, beef may be held in storage for as long as a year.

Lamb from six to eight months, and pork from three to six months, without any deterioration in quality.

Thawing Pipes
It is dangerous for homeowners or handymen to thaw frozen water pipes by the use of open flames such as torches made of paper or torches burning gasoline or other volatile liquids. Open flames directed against a frozen pipe may cause the pipe to burst. At the same time, there is always the danger that an escaping spark may set fire to combustible material. There are only two safe ways to thaw pipes. These are by the use of electricity or steam.

Another method which, while safe, has the disadvantage of being slow is the wrapping of hot cloths around frozen pipes. Experienced plumbers invariably use electricity or steam. The best procedure on the part of a homeowner who has a frozen pipe is to immediately call a plumber who will take full responsibility for thawing the pipe without danger to the property either from fire or from bursting.

Wash Furniture Finish
Soll from handling or from smoke, dust or grease may accumulate gradually on furniture and dim the finish. Almost all finishes on wood may be safely washed with proper care is taken. In washing any furniture, use a very mild, neutral soap or a fine soap. Do not allow the furniture to become dripping wet. Wipe the surface with a clean, dry cloth. The surface may then be polished with a dry cloth. If the wood is thoroughly dry before wax is applied. Painted or enameled furniture also may be washed this way.

The Great Hotel

By JOYCE N. MARTIN

"VERY well," said the associate manager of the palatial seaside hotel at Cornudas. "We'll cancel Miss La Crosse's suite. Yes, yes. It shall be exactly as you say."

He turned to his secretary in annoyance. "That Hollywood!" he glared. "I give up. You never can tell what'll do next. Well—we don't get the La Crosse wedding party, after all. It seems the bride hasn't time for a honeymoon with her lieutenant commander. Has to report at the studio at 4 p. m. for rehearsals."

"And now the studio press agent has thought up still another of his publicity stunts. The La Crosse suite, since it was void for in advance, must be given to the first enlisted man who asks for a room."

"In the opinion of your board of Trustees and the Rural Electrification Administration, this property division is the key to complete rural electrification in South Alabama," the Covington board of trustees wrote to F. M. Hill.

"Nearly 10,000 farmers and other rural residents are waiting for electricity. They have signed applications for it," the Covington trustees wrote to the board of trustees.

"These people are our neighbors. We must help them obtain the same advantages of electricity which we now enjoy."

The South Alabama Electric Co-op. board wrote its 3,520 members that the proposed transfer of the property to the Covington trustees was a "step up rural electrification" in the Southern part of the state.

Most of the property to be divided is that of the Covington Co-op. Its directors plan to transfer sections of its distribution facilities to four co-ops in the Southern part of the state, while maintaining some facilities in Covington and Coffee counties.

At the present time, the lines of the Covington Co-op. stretch into Alabama from Frisco City in Monroe County, to Clio in Barbour County, and as far south as Samson in Geneva County. The Covington lines stretch into the territory of four other co-ops.

It is the plan of the Covington Co-op. to take the property to be divided and to transfer it to the four co-ops in the Southern part of the state.

The five co-ops, now are completing engineering studies of their proposed areas. They plan to take electricity to every farm and other rural residents who want electricity. The proposed division is held by the Covington Co-op. to be the most expedient way to do it.

A two-thirds majority of all the Covington and the South Alabama Co-op. members must vote for the proposed division of property if it is to be effective. This is a regulation of the State Rural Electrification Act. A co-op may receive the property and transfer it to the four co-ops in the Southern part of the state.

Mail ballots will be sent members of the two co-ops that will be counted at special membership meetings. The ballots will be called in the case of the Covington Co-op. for May 9, and in the case of the South Alabama Co-op. for May 14. The Covington members will meet in the Covington Co-op. courthouse at Andalusia, and the South Alabama Co-op. members in the Pike County courthouse at Troy.

Nearly 10,000 Rural People To Benefit By Division of Co-ops

Andalusia, Ala.—Nearly 10,000 rural people in South Alabama will benefit from the proposed division of the properties of the South Alabama Electric Co-operative at Troy and the Covington Electric Co-operative at Andalusia.

boards of trustees of the two REA-financed electric co-operatives told their member-consumers in letters received from the following members: F. M. Hill, R. C. Bryan, and other trustees.

The officers selected were: Mr. A. G. Jones, who has been in Montgomery for the past several months has returned to Elba and has accepted a position with Windham Lumber Company. Mrs. Jones and their two daughters, Betty Jean and Barbara, expect to move to Elba within the next few weeks. Friends are glad to have this fine family return to Elba.

Reduces Hatchability
More than 10 per cent of soybean meal in the total diet fed to hens may reduce hatchability of eggs, although it is a valuable source of protein.

Late Pastures
Late pastures lose as much as 20 per cent in total digestible nutrients, and there is an even greater drop in digestible protein.

Freeze-Drying
The new method of drying fruits and vegetables by the "freeze-drying" process was learned from the chemists who are preserving blood plasma and penicillin.

In State Tax Savings To 52 Large Corporations Hidden In Poole's Program

Mr. Poole's program calls for use of income tax monies to reduce property taxes and provides not one cent for increased teachers' salaries, or broader public health and welfare services.

Under Poole's program, 52 of Alabama's largest corporations, including many foreign corporations, would save over \$9,000,000 in state taxes during the next four years.

No wonder the Big Mules have raised the largest campaign fund for Poole in the political history of Alabama—reported to be over a quarter of a million dollars.

No wonder Poole is trying to cover up his Big Mule support by claiming to be the "people's candidate."

No wonder the Republican members of the Associated Industries and the National Association of Manufacturers are continuing to pour money into Poole's campaign, in an effort to put their hand-picked candidate in the running.

The people of Alabama will not be fooled by this undercover clique.

Willis Birthday Sing Held at Kinston

The birthday of W. J. Willis was celebrated with a singing at Kinston recently. The class was called to order at 9:30 a. m. and Rev. Willis opened with three songs, then led in prayer. J. W. Lee, M. O. Meadows, with the vice-chairman, J. T. Wise, composed the arranging committee.

The following leaders led two songs in the morning session: H. R. Butler, C. M. Davis, Willie Rhodes, Junior Dubose, J. C. Holley, J. T. Phillips, H. O. Dyess, Lester Donahoe, E. S. Smith, W. J. Jones, W. C. Kirkland, H. J. Butler, A. A. Parker, W. D. Wise, S. A. Powell, N. O. Helms, J. J. Herring, S. T. Helms, J. P. Edwards and J. W. Grimes.

The memorial lesson was conducted by J. P. Wise, Sr., singing in memory of J. W. Powell, M. V. Willis, singing in memory of Ebb Willis, and M. O. Meadows singing in memory of J. J. Sanders.

Dr. J. M. Holley made a very interesting talk extolling the life of Rev. Willis and took for his subject, "Father." Dr. Holley said that M. O. Meadows sang No. 113, a song the meaning of which all Sacred Harp singers are familiar. The chairman sang one song and the class was dismissed with prayer by J. L. Kinstler for the noon hour.

At the afternoon session the class was called to order by chairman singing one song. Each of the following leaders sang one song: A. A. Dubose, T. W. Lott, S. W. Dean, W. C. Clark, L. E. Spurlin, O. J. Clark, J. W. Driskell, W. M. Short, Charlie Wise, Willie Brooks, M. M. Holley, W. J. Willis sang two of M. T. Heath's songs.

J. A. Ervin, J. D. Kennedy, U. B. Hudson, W. W. Short, J. C. Wadding, C. A. Rodgers, J. N. Livingston, C. L. Sauer, L. N. Hickman, L. E. Jones, Wilene Clark and Mary Helen Rhodes, Delegates to Coffee County Convention, Audie Clark, W. V. Willis. Raised \$5.57 for minute money. Class was dismissed by Brother Helms.

A sad occurrence of the day was the sudden death, during the noon hour, of M. T. Heath, of Dale County. He was a good singer although it is said he didn't know any notes but knew all the songs. We extend our sympathy to his bereaved family.

Improved Uniform International LESSON

By HAROLD L. LUNDQUIST, D. D., of The Moody Bible Institute of Chicago, delivered by Western Newspaper Union

Lesson for April 28

Lesson subjects and Scripture texts are listed and appropriate references are given. The lesson is designed for use by the Church of Christ, and is suitable for use by other churches.

DECISIVE MOMENTS IN PETER'S LIFE

LESSON TEXT—John 1:42; Mark 8:27-30; Luke 22:34-35; 61, 62; John 21:15-17

MEMORY SELECTION—We ought to deny God rather than men.—Acts 5:29

Men are of primary interest to God. Our Lord Jesus has always been concerned about men, eager that they should be filled with the fullness of His love and the beauty of His grace. He it is who stands by in the hour of weakness and failure to give renewed strength to His repentant child.

The life of Peter runs the gamut of human feelings from the height of joy and assurance to the depth of despair. He learned many of his lessons the hard way—by a stubborn struggle in the school of experience and failure to give renewed strength to His repentant child.

When a man comes to Jesus in true faith and devotion he becomes a changed man. The Bible speaks of it as a new birth, a radical change from darkness to light, a going from death to life.

A name is important in its bearing on the individual's life. How often parents hinder or embarrass a child with an unworthy name, or a foolish imitation of the name of some giddy individual in the public eye, but lacking real character.

Simon, which means "he who is completed by the name Peter meaning 'rock,' a token of this change of direction in life. The Lord gave it to him, and he knew all about the man, his past, present and future, the longings of his heart which were to be fulfilled in service for Him.

The great confession of Christ (Mark 8), which became the foundation of the church (Matt. 16:18), was the expression of the heart of this spiritually changed man. He knew what the Lord had done for him, and knew that it was the work of God, not the influence of some philosophy of man, and he confessed it.

"Thou art the Christ!" Such is the conviction and confession of the man or woman with the reborn life. It is the cry of the heart of a man or woman who has been born again. It is the cry of the heart of a man or woman who has been born again. It is the cry of the heart of a man or woman who has been born again.

Peter had vainly himself in denying his everlasting loyalty to the Lord. His old self-satisfaction and boastfulness had overcome him. He had even sworn to the Lord that he would never deny Him. But he had not kept his word. He had denied Him. He had denied Him. He had denied Him.

He made the grave mistake of following the Lord "far off" (v. 54). He did not intend to deny the Lord, but he had allowed himself to get into a position where it was hard to stand up for Him.

The lesson for us is evident. If we want our faith to be steady and true in the hour of the enemy's attack, we must not get far from the Lord, nor may we let our fellowship with this Christ-denying world.

Peter's atonement of our Lord, his use of language unbecoming to a believer, his quick falsehoods—all these mark the thing he did for what he knew it to be when he had the cock crew—a terrible sin against the Christ.

The look of Jesus doubtless carried conviction, but one somehow feels that it was even more a look of tenderness and of assurance of the Lord's promised prayers for him.

The thing which brought the tears of repentance was the remembrance of the Lord's own words (v. 60). It is the recollection of the Word of God which brings a man to his senses spiritually.

Peter's repentance was real. So we find that Peter was restored and reinstated in his place of service for the Lord.

III. A Complete Restoration and an Obedient Service (John 21:15-17). Jesus met Peter on the first Easter morning, so he was assured of forgiveness. But Peter and the others had returned to their old life as fishermen. They seem to have lost their vision, or had become discouraged.

But the Lord had not forgotten them. He appeared and told them where to catch fish, and then we have the lovely scene around the fire as they breakfasted together.

There it was that the Lord met Peter, and as he had denied Christ three times he is asked to declare his devotion to Him.

The man who thus declared his readiness to serve Christ to the end had many an opportunity to prove the sincerity of that profession. He met persecution and imprisonment, but to every effort of man to close his mouth or to change his witness he had the simple reply of absolute obedience to the Lord.

Tradition tells us that this faithful man finally led Peter to martyr's death. So we see a life made over, made powerful, made glorious for God through the unshakable grace of our Lord Jesus Christ. He can do it for you, too. Will you let Him?

Colonial Paint

Although white paint long has been "the badge of subvency and self respect" for New England homes, an historical report recently issued by a color research laboratory says that it was not always so—that most early American homes, particularly in New England, were painted dark red, a color called "Spanish brown." This is a mineral pigment dug out of the earth and was generally used for the priming coat of a house. Often, it is stated, it was the sole paint applied. For interiors, grayish blues and grayish greens were favorites. Vivid hues were found on splattered floors, plastered walls and woodwork. White, gray and peaty tones were largely found on meeting houses. The white exterior of the typical colonial home of today is fairly modern in development. In the early days of American history most paints were imported from England. The earliest known advertisement of a paint manufacturer in this country is that of John Gore of Boston, printed in 1788. "Very good red, black, yellow paints, the produce and manufacture of North America."

THE STATE OF ALABAMA,
COFFEE COUNTY

I, J. W. Brock, Judge of Probate for said county, hereby certify that the foregoing is a list of qualified voters who were by error, omission, or mistake, or who have registered since last list published on April 4, 1946, and who are now published in this supplemental list as authorized by law. This list may not be all who were omitted from the published list, but upon notice duly given within the time provided by law, this is submitted and published as a supplemental list of qualified voters in Coffee County, Alabama, who are entitled to vote.

This April 15, 1946.
J. W. BROCK,
Judge of Probate.

CUB PACK TO BE ORGANIZED IN ELBA THURSDAY NIGHT

The third and last meeting of organizing the Cub Pack for Elba will be held at the Methodist Church Thursday night at 7:30. Every Cub is expected to bring his father and mother to this meeting. Other guests will be welcomed. We had a fine time at the last meeting.

Mr. J. V. Cook will bring another movie on Cubbing. If we could swing all the product parents into the program, America would be the safest and happiest spot on earth. Every Cub has a good time, because he plays square and does his best to obey the laws of the Pack and to follow Akela. Sure, Cubbing is fine! Wm. M. Sproles.

Faulty Vision
Analysis of physical tests of 60,000 draftees shows that 3.82 or 4.8 per cent were fully or partially blind in one eye. Of these "one-eyed" men, whose age ranged from 18 to 38 years, 838 suffered loss of sight in one eye from accidents, and 2,086 from non-accidental causes. Of the 60,000 men, a total of 5,712, or 9.5 per cent, were found to have visual deficiencies. Draftees with uncorrected refractive errors totaled 2,022, or 3.4 per cent. More than 9 of these refractive errors were short-sightedness, often associated with astigmatism. Two per cent of the group had appreciable imbalance of the eye muscles.

Have You Paid-Up Your Subscription This Month?

If you haven't, your name will be dropped from the mailing list. The label on which your name is printed shows when your time expired. If the figures following your name read like this: "4 25 46" that means that your time will be out on April 25, 1946. The first figures indicate the month, the second figures indicate the day of the month, last figures the year.

The War Production Board, which controls the supply of newsprint paper, has instructed all papers to drop names from the mailing list promptly ON THE DAY OF EXPIRATION. We are trying to comply with these regulations in order to keep a supply of paper on hand. It is also a violation of Postal Regulations to continue mailing papers which have not been paid for in advance.

In the past we have gone to considerable expense in mailing notices to all subscribers by letter—first class mail. WE CANNOT CONTINUE THIS PRACTICE AND YOU WILL NOT RECEIVE ANY NOTICE IN THE FUTURE.

RENEW PROMPTLY

THIS ADVERTISEMENT AND NOTICES IN THE PAPER, WHICH APPEAR FREQUENTLY, SHOULD BE SUFFICIENT FOR ALL THOSE WHO WISH TO CONTINUE RECEIVING THE PAPER. IF YOUR PAPER DOES NOT COME, YOU MAY KNOW THAT THE TIME IS OUT.

PLEASE DO NOT ASK US TO CONTINUE THE PAPER OVER TIME—WE MUST COMPLY WITH WPB AND POSTAL REGULATIONS.

Subscription Rates

The following rates apply on ALL subscriptions new or renewal. Please take note.

\$1.50 per year
for all subscribers who live in Coffee County

\$2.00 per year
for all subscribers living outside Coffee County

Extra Copies of the Paper are 5c each

IF YOU NEED GLASSES
It Will Pay You To Visit For BARSON!

After all, it's the examination that counts. Correct, scientific examination of your eyes is the ONLY way to determine whether or not you need glasses. My knowledge in fitting glasses, gained through years of practice, has given me a State-wide reputation. Among your relatives and acquaintances you will find somebody who will tell you how satisfactory my work is. Because I specialize in this work only—scientific examination and proper fitting of glasses—you are assured of complete satisfaction.

Soil Conservation Over Coffee County

By G. L. Edwards,
Soil Conservation

The feed shortage doesn't loom as large as it once did. Mr. Moates since he harvested 30 acres of grain sorghum last fall. Mr. Moates states that he has obtained very good results in feeding the grain to cows, hogs and chickens, but most of it has been used to feed-out pigs. Since last summer was the first time grain sorghum was combined in the county, it should be helpful to prospective growers to learn of Mr. Moates' experience. The crop was planted in late June following the harvesting of blue lupine for feed, and due to the dry weather that followed, the sorghum was cultivated only one time. Ordinarily, more plowings will be necessary to keep down grass and weeds. When the grain had matured and the stalks were dry the grain was combined, sacked and stored in a dry place. The grain was then crushed to reduce waste and damage and was fed to the stock.

Some of Mr. Moates' grain sorghum was grazed before it was combined and the cows showed a noticeable increase in milk and the hogs seemed to prefer the grain to peanuts. The entire stalks can be cut and stacked or put in the barn for feeding during the winter months.

All dairymen, large and small operators alike, and all hog producers should plant at least a trial patch of grain sorghum this summer. Ideal crop for grain sorghum to follow are oats or blue lupine seed patches. Put in your order for seed now and be sure of having them when it's time to plant.

Crotalaria seed are scarce, but there are several hundred pounds available in the county. Howard W. Brooks is planting 12 acres of sunny land to corn and crotalaria this spring. D. H. James practically destroyed a patch of Bermuda grass by broadcasting crotalaria in it last spring. Many farmers have had their yields greatly increased by using crotalaria. Take their advice and give it a trial.

Energy Food
Potatoes are largely an energy producing food, but they contain a good deal of vitamin C when they are harvested as well as iron, other minerals, and vitamins. One medium-sized potato contains about 100 calories.

PFC. HOMER L. WEED
NOW SERVING ON OKINAWA

Okinawa—Private First Class Homer L. Weed, of Elba, Ala., is serving here with Battery A 325th AAA Searchlight Bn., formerly with the 198th F. A. Bn. Pfc. Weed's wife resides on Rt. 2, Elba. His parents live at Brantley, Ala. He attended Brantley High School and participated in football.

Pfc. Weed entered the Army in January, 1945, and has served in this theatre since August, 1945.

Mrs. Charlie Ellis and two children, Charles and Cornelia, returned the first of the week to their home, after attending the funeral of Mrs. Ellis' mother, Mrs. J. M. Folsom. Mrs. Ross Clark accompanied her sister and children to Cullman for a visit. Mrs. Clark writes that upon their arrival in Cullman they found that friends had decorated the Ellis and Folsom home with lovely flowers and Easter eggs, and had prepared an appetizing meal. Mrs. Clark said she thought Elba had the finest people on earth, but she finds that Cullman has fine folks, too.

Mr. and Mrs. Paul Collier, of Auburn, visited Mr. and Mrs. S. S. Edmondson and Mr. and Mrs. George Collier during the week end.

Mr. G. H. Frank has returned to the home of his daughter, Mrs. Kay Farris. He underwent treatment for a serious heart ailment. Friends trust that he will fully recover.

Mr. and Mrs. James B. Kite, of Opelika, Rt. 1, announce the birth of a son whom they have named Donnie La Velle. He was born March 31. Mrs. Kite is the former Fostoria Bragg. The baby is the grandson of Mr. and Mrs. Cody Bragg, of Victoria, and Mr. Louis Kite, of Scots, Ala.

Mr. and Mrs. Gene Atkins, of Auburn, were guests of Mrs. Easter Johnson during the week end. Friends of Mr. Atkins will regret to learn that he was stricken with appendicitis on his arrival at the Johnson home, and had to submit to an operation at a Troy hospital where he is doing nicely.

Johnnie B. Wambles, Seaman first class, U. S. Navy, has recently been discharged and is now with his wife, Mrs. Lurline Bouyer Wambles, and other relatives.

George Collier, Jr., and his shipmate, Jack Nolin, both stationed at Jacksonville, Fla., spent the week end as guests in the Mr. and Mrs. George Collier home.
